

## Self Catering Holiday Cottages

Our 2 self-catering holiday cottages are completely independent from the Guesthouse. They are situated in the coastal town of Jardim do Mar - Madeira island. Please note they do not form part of the Summerplace Guesthouse property, and do not share the facilities offered by the Guesthouse.

The most charming village in Madeira Jardim do Mar is, without a doubt, the most charming and tranquil village in the whole of Madeira. Also, the micro-climate is the warmest and sunniest. The village is car-free so you can wander at your leisure through narrow cobblestoned "traversas" and streets, admiring a proliferation of flowers and trees along the way. Everywhere you will be calmed by the flowing waters of the local "levadas" (mini-canals) as they wind through the village to the open sea. The village has a couple of restaurants specialising in local cuisine and a mini-market for your convenience.
